An engineering undergraduate with a knack for solving problems and building new things.

WORK EXPERIENCE

General Mills | **Summer Internship**   July 2024
- A Fortune 500 company, leading the FMCG sector. I worked in the Integrations team.
- Built an API system for automating shipment activities reducing costs by 40-60%.

SimPPL | **Research Fellowship**   June 2024
- A research organization that builds solutions to combat misinformation on the web.
- Worked on a project to combat targeted hate and harassment towards politicians.

SBI3 | **Web Developer**   Oct 2023
- A consumer-facing web app built to mark their online presence.
- Designed their landing page in Figma. Built it using NextJS & Tailwind. Hosted it on Vercel.

PROJECTS

Blog | **Web App**
- My minimalistic UI/UX-focused personal space on the web.
- Built-in RCS Editor, integrated CMS, and supports ISR for effortless updates.

Asthenic | **Social Media Platform**
- A website to browse, showcase, or download aesthetic clicks.
- A product-focused website built using Sanity.io and ReactJS.

Synopsize | **Desktop App**
- A desktop app that summarizes content using AI.
- Built using custom-tkinter, OpenAI API, and speech recognition.

SKILLS

- **Programming Languages:** Python, **Javascript**, Java (Basics)
- **Frameworks/Libraries:** **NextJS**, MERN Stack, Sanity.io
- **Databases:** **MongoDB**, GROQ (Basics)
- **Miscellaneous:** Canva, Excalidraw, Google Sheets, **Apps Script**, AWS (Basics)

EDUCATION

Thadomal Shahni Engineering College | Mumbai University | B.E (I.T)   Ongoing
- Passed Semester VI with 8.67 CGPI.

Pace Junior Science College | 12th MSBSHSE (90.5%)   July 2021
Gopi Birla Memorial School | 10th CBSE (93.2%)   May 2019

OTHER ACHIEVEMENTS
